Dear Hilary, and Bristol and Chiswick Choral Societies,

Thank you all most warmly for your wonderful contribution to the worship at York Minster during the summer. Maintaining a high standard of choral worship during this period is very important to us; we were delighted that you were able to play a part in that this year, and particularly for filling in at short notice. We know how much goes into preparing for such a visit, both musically and logistically, and are very grateful to you for your time and hard work.

With our thanks and best wishes.
